File No 231-33

Serial Nos 1, 2

D-10

GENERAL AND REVENUE SECRETARIAT.

Serial Nos 200

Part B for June 34

SUBJECT

Question of providing the
the Dist office at Mysore with a
telephone connection

sl(2) The President of Dist at Mysore

L 8926 of 22.6.34

States that an estimate for giving
the required connection has been
sanctioned & the Subd Dist officers
to have the work carried out early

P.P.
27/7/34

Letter no 4 2 1902 dated 20/4/34 from the President CIG and Mayor, requesting that the Chief Electrical Engineer may be instructed to provide the Municipal Office with a phone connection, as the same is very badly required

1 The President has not stated us
to how much the cost of giving the Council
would be, and the source from which
the same would be met

2. Submittal for order - The Elec Sect
may perhaps be confirmed

3 This maybe done, undoubtedly

Re Installation of a Phone for the Municipal buildings Mysore

Earl
23/4

Sir

In forwarding herewith copy of Chief Electrical Engineer's Memo No 322 dated 11/12th July 1933 on the above subject I have the honour once again to bring to the notice of Government the great difficulty experienced in the Municipal office in promptly transacting important and urgent public business specially in respect of water supply and public health by the want of telephone connection to this office. The water supply Superintendent's office is located far away from the Municipal office and there are a large number of cases every day that will have to be referred to the Superintendent for prompt action such as cutting off water supply to private consumers in cases of default, and immediate restoration after payment. Similarly instances of chokages of drains and drain connections often arise which require to be attended to in different parts of the City. The public as well as departments of Government having business with the Municipality have often felt great difficulty in getting into touch with Municipal officers readily with the result that unnecessary delay and annoyance is caused.

It is sufficient to state here that this matter is being repeatedly pressed before Government and the Electric Department

The Private Secretary to the Dewan wrote a D O letter to the Chief Electrical Engineer (copy enclosed) on 15-2-32 emphasising the necessity for a phone connection to this office, and communicating more or less the definite orders of the Dewan that a connection should be provided by releasing a phone from any one of the public offices where it may not be so very necessary. Even after this the required convenience has not yet been provided and it would be a long time to wait for the installation of additional taps in the exchange at Mysore.

In view of the difficulty which the Municipality is daily feeling and in view also of the fact that an institution like the Municipality which has to be in close and constant touch with the public and the Government I once again request that the Chief Electrical Engineer may kindly be instructed to see his way to provide urgently this office with a phone connection as it is understood that there are one or two public offices here where the connection is not being made use of to such an extent, as it would be in an office like the Municipal Office.

I have the honour to be

Sir

Your most obedient servant

M. S. Anand

President

Letter No EDS-50 dated 10th July 1933, from the Secretary to the Government of Mysore, Electrical Department, Bangalore, to the Chief Electrical Engineer, to the Government of Mysore, Bangalore

Installation of phone for the
Municipal Buildings at Mysore

With reference to correspondence ending with your letter No 88389 dated the 22nd June 1933 on the above subject, I am directed to state that Government agree with you that the telephone asked for by the President, Municipal Council, Mysore, cannot be given as there are no additional taps in the exchange at Mysore

D O No 2393 dated 15th February 1932 from the Private Secretary to Dewan, Bangalore, to the Chief Electrical Engineer, Bangalore

Please refer to your letter No 4209 dated the 22/23rd December 1931 to the President, City Municipal Council, Mysore, about fixing an automatic telephone to the President's Office table

The Dewan thinks that this is necessary and desires me to request you to arrange for a connection being given to the President's office as early as possible, by releasing a phone from any one of the public offices where it may not be so very necessary

Electrical Department,
BANGALORE

Sir,

INSTALLING AN AUTOMATIC TELEPHONE IN THE MUNICIPAL OFFICE, MYSORE

In continuation of my un-official Memo No 11499 dated the 14th instant, I have the honour to state that the Automatic Telephone in the Postal Superintendent's office at Mysore has since been released, and as such it is now possible for us to give a telephone connection to the Municipal Office at Mysore

An estimate for this work has also been sanctioned and the Superintendent, Mysore Power and Lighting, has been instructed to have the work carried out early

I have the honour to be,

Sir,

Your most obedient servant,

Chief Electrical Engineer
